They should be diligent, knowledgeable, dedicated, interested in the job and willing to devote a substantial amount of time and energy to the responsibilities of the committee, in addition to Board responsibilities. At least one of the members must be an "audit committee financial expert" as determined by the Board. At least one of the members must have accounting or related financial management expertise, as determined by the Board. The members of the committee shall be elected by the Board, based on recommendations from the Nomination & Remuneration committee of the Board, and shall continue until their successors are duly elected. The duties and responsibilities of a member are in addition to those applicable to a member of the Board. In recognition of the time burden associated with the service and with a view to bring in fresh insight, the committee may consider limiting the term of the audit committee service, by automatic rotation or by other means. In addition, no member of the committee shall simultaneously serve on the audit committees of more than 2 other public companies, unless the Board determines that such simultaneous service would not impair the ability of such member to effectively serve on the committee. One of the members shall be elected as the chairperson, either by the entire Board or by the members themselves, by majority vote.

Relationship with independent and internal auditors

The committee has the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the independent auditor in accordance with the law. All possible measures must be taken by the committee to ensure the objectivity and independence of the independent auditor. These include:

- Reviewing the independent auditors' proposed audit scope, approach and timing.
- Overseeing and, at least annually, evaluating the work of the independent auditor or any other registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, which evaluation shall include a review and evaluation of the lead partner of the independent auditor. The committee shall review, in consultation with the independent auditor, the annual audit plan and scope of audit activities and monitor such plan's progress.
- Annually obtaining and reviewing a report by the independent auditor that describes (i) the independent auditor's internal quality control procedures, and (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the independent auditor or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, regarding any independent audit performed by the independent auditor, and any steps taken to deal with any such issues.
- Overseeing the rotation of the independent auditor's lead audit and concurring partners and the rotation of other audit partners, with applicable time-out periods, in accordance with applicable law.
- Actively engaging in dialog with the auditors with respect to any disclosed relationships or services that may impact their objectivity and independence and / or recommend that the entire Board take appropriate action to ensure their independence.
- Encouraging the independent auditors to have open and frank discussions on their judgments about the quality, not just the acceptability, of the Company's accounting principles as applied in its financial reporting. This covers issues such as the clarity of the Company's financial disclosures, and degree of aggressiveness or conservatism of the Company's accounting principles and underlying estimates, and other significant decisions made by the Management in preparing the financial disclosure and audited by them.

The internal auditors of the Company are in the best position to evaluate and report on the adequacy and effectiveness of internal controls. Keeping in view the need for the internal auditors' independence from the Management to remain objective, a formal mechanism should be created to facilitate confidential exchanges between the internal auditors and the committee, regardless of irregularities or problems. The work carried out by each of these auditors needs to be assessed and reviewed with the independent auditors and appropriate recommendations made to the Board.

Disclosure Requirements

The committee charter should be published on the Company's website and whenever any significant amendment is made to the charter.

The committee shall disclose in the Company's Annual Report, with respect to the concerned fiscal year:

The committee may invite to its meetings any director, officer or employee of the Company and such other persons as it deems appropriate in order to carry out its responsibilities. The committee may also exclude from its meetings any persons it deems appropriate in order to carry
