Directors' Report

To the Members,

Your directors are pleased to present their report on the business and operations of your company for the year ended March 31, 2005.

Company's overview

Your company is a global corporation incorporated to provide business process management services to organizations that outsource their business processes and is a majority owned and controlled subsidiary of Infosys Technologies Limited.

Financial results

	<i>in Rs. crore</i>	
	March 31, 2005	March 31, 2004
Revenue from business process management services	189.28	78.14
Gross profit/ (loss)	88.14	27.66
Operating profit/ (loss) after interest and depreciation	30.85	(3.44)
Profit / (loss) after tax	33.32	(0.60)

Results of operations

The performance of the company during the year has been excellent. The total revenue increased to 2.4 times the previous year's revenue, i.e. to Rs. 189.28 crore from Rs. 78.14 crore in the previous year - a growth rate of 142%. The company ended the year with net profit of Rs. 33.32 crore from an operating loss, the previous year. The company added five new customers and now has 19 customers. The company ended the year with 3,966 employees having added 2,088 employees during the year.

Share capital

Citicorp International Corporation has subscribed to 87,50,000 cumulative convertible preference shares of Rs. 100/- each, convertible into an equal number of equity shares of Rs. 10/- each.

Your company issued and allotted 1,13,650 equity shares to the eligible employees of the company on the exercise of stock options under 2002 employee's stock options plan. Due to this, the outstanding issued, subscribed and paid-up equity share capital increased from Rs. 112.00 crore to Rs. 112.11 crore as of March 31, 2005.

Appropriations

Your company proposes to retain Rs. 29.56 crore in the profit and loss account.

Business

The Business Process Outsourcing (BPO) industry has seen rapid growth in the last two to three years. Outsourcing transaction processing and voice services to low cost locations is now common. We are seeing increased awareness of specialist third party firms like ours where customers are willing to pay a premium for high-quality dependable services. Your company seeks long-term partnerships with clients while addressing their requirements. Your company's customer-centric approach has resulted in high levels of client satisfaction. Our focus on continuous improvement and a very high level of domain knowledge has been seen as a positive differentiator among its customers. Conventional wisdom tell us that companies that are engineered to create and deliver value for all stakeholders (clients, employees and shareholders) will survive and succeed in the long run and your company's focus on delighting the customer should stand us in good stead.

Your company believes that the environment will remain on a high growth path in the near future. Whilst customers will continue to focus on higher returns on their investments, we are confident that they would be willing to outsource more and also be willing to pay more for high quality dependable services. Your company views the future with optimism and is confident of maintaining growth rates higher than industry growth rates.

Delivery centers in India

During the year, your company has leased additional facilities at Bangalore and at Pune to take care of its increased business opportunities. In the year ahead and taking into account the increase in business, the company plans to expand its business operations to other parts of India and overseas.

Progeon s.r.o.

Your company, as part of its globalization program has set up a delivery center in the Republic of Czech as a wholly-owned subsidiary. Your company has invested an amount of 1,300,000 Czech Koruna (Rs. 0.21 crore) towards the equity capital of

Progeon s.r.o. This initiative will help your company to provide multi-lingual processing skills to its clients and addresses their requirement for a development center closer to their locations. We are happy to state that your subsidiary has commenced its operation with effect from August 1, 2004 and reported revenue of Rs. 1.93 crore for the year ended March 31, 2005.

Human Resources Management

Our people are our real assets and our most valuable resource. It is they who drive our growth and lead us to greater heights. At Progeon, our human resource systems are designed to create a vision which is focused and a performance oriented culture, wherein management development and career development receive utmost attention. Besides encouraging achievers from within the organization, we employ from some of the best management and graduate institutes in the country.

An open and interactive work culture brings out the best in our people. A sense of ownership and freedom to experiment at their workplace brings out the creativity and innovation in every individual. Systematic assessment of each employee was carried out and specific learning programs were organized to help employees upgrade their professional competencies. Entry-level graduates are put through intensive training which includes client-specific process training, domain and soft skills training. We hire people who are best suited to the job and whose personal goals are aligned with our corporate objectives. A talent pool of over 3,966 employees brings in a unique blend of mindsets and skills.

In order to ensure a safe and congenial workplace, your company has formulated and implemented a policy against sexual harassment, a Whistleblower Policy and a written Code of Ethics in line with the highest standards of corporate governance.

Awards and recognition

The directors are pleased to inform you that your company has been recognized / awarded as follows:

- Awarded "Optimas Award" for New Hire Training Program.
- Awarded ASTD (American Society of Training and Development) Excellence in Practice Citation for exemplary work / practices in workplace learning and performance.
- Awarded "Most Enterprising Organization in the Outsourcing Industry" for HR Excellence and best HR outsourcing Practices.

Corporate Governance

Corporate governance is about the commitment to values and about ethical business conduct. It is about how an organization is managed. We believe that for a company to succeed it must maintain global standards of corporate conduct towards all its stakeholders - employees, consumers and society. Your company believes that is rewarding to be better managed and governed and to identify and align its activities. To that end, your company has always focused on good corporate governance as a key driver of sustainable corporate growth and long-term value creation. Your company, like its mentor, Infosys Technologies Limited has been benchmarking its corporate governance practices with the best in the world

With the increasing globalization, corporate governance has assumed great significance in India in the recent past. The increasing diversity of the investing community and the integration of global capital markets make corporate governance a key issue in the investment decision of the investor. Your company has complied with all norms of corporate governance applicable to unlisted Public Company as envisaged under the Companies Act, 1956.

Annexure to the directors' report

c) The directors' responsibility statement as required under Section 217 (2AA) of the Companies (Amendment) Act, 2000

The financial statements are prepared in conformity with the accounting standards issued by the Institute of Chartered Accountants of India and the requirements of the Companies Act, 1956, to the extent applicable to the company, on the historical cost convention, as a going concern and on accrual basis. There are no material departures from the prescribed accounting standards in the adoption of the accounting standards. The accounting policies used in the preparation of the financial statements have been consistently applied, except where otherwise stated in the notes to accounts.

The board of directors and the management of your company accept responsibility for the integrity and objectivity of these financial statements. The estimates and judgments relating to the financial statements have been made on a prudent and reasonable basis, in order that the financial statements reflect in a true and fair manner, the form and substance of transactions, and reasonably present the company's state of affairs. To ensure this, the company has taken proper and sufficient care in installing a system of internal control and accounting records; for safeguarding assets, and, for preventing and detecting frauds as well as other irregularities; which is reviewed, evaluated and updated on an ongoing basis. Our internal auditors have conducted periodic audits to provide reasonable assurances that the established policies and procedures of the company have been followed. However, there are inherent limitations that should be recognized in weighing the assurances provided by any system of internal controls and accounts.

The financial statements have been audited by M/s. BSR & Co., Chartered Accountants, and the independent auditors.

The audit committee of your company meets periodically with the internal auditors and the independent auditors to review the manner in which the auditors are performing their responsibilities, and to discuss auditing, internal control and financial reporting issues. To ensure complete independence, the independent auditors and the internal auditors have full and free access to the members of the audit committee to discuss any matter of substance.

Auditors' Report to the members of Progeon Limited

We have audited the attached Balance Sheet of Progeon Limited (the Company) as at March 31, 2005 and the Profit and Loss Account and Cash Flow Statement of the Company for the year ended on that date, annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As required by the Companies (Auditor's Report) Order, 2003, issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.

Further to our comments in the Annexure referred to above, we report that:

- (a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b) in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
- (c) the Balance Sheet, the Profit and Loss Account and the Cash Flow Statement dealt with by this report are in agreement with the books of account;
- (d) in our opinion, the Balance Sheet, the Profit and Loss Account and the Cash Flow Statement dealt with by this report comply with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956;
- (e) on the basis of written representations received from the directors, as on March 31, 2005, and taken on record by the Board of Directors, we report that none of the directors is disqualified as on March 31, 2005 from being appointed as a director in terms of Section 274(1)(g) of the Companies Act, 1956;
- (f) in our opinion and to the best of our information and according to the explanations given to us, the said accounts give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (i) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2005;
 - (ii) in the case of the Profit and Loss Account, of the profit of the Company for the year ended on that date; and
 - (iii) in the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.

Annexure to the auditors' report

The Annexure referred to in the auditors' report to the members Progeon Limited (the Company) for the year ended March 31, 2005. We report that:

1. The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified during the year in a phased manner. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

Fixed assets disposed off during the year were not substantial, and therefore, do not affect the going concern assumption.

2. The Company is a service company, primarily rendering business process management services. Accordingly it does not hold any physical inventories. Thus, paragraph 4(ii) of the Order is not applicable.
3. The Company has neither granted nor taken any loans, secured or unsecured, to or from companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956.
4. In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business with regard to purchase of fixed assets and the sale of services. The activities of the Company do not involve purchase of inventory and the sale of goods. We have not observed any major weakness in the internal control system during the course of the audit.
5. In our opinion and according to the information and explanations given to us, there are no contracts and arrangements the particulars of which need to be entered into the register maintained under section 301 of the Companies Act, 1956.
6. The Company has not accepted any deposits from the public.
7. In our opinion, the Company has an internal audit system commensurate with the size and the nature of its business.
8. The Central Government has not prescribed the maintenance of cost records under section 209(1) (d) of the Companies Act, 1956 for any of the services rendered by the Company.
9. According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Customs duty and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. As explained to us, the Company did not have any dues on account of Investor Education and Protection Fund, Wealth tax, Service tax, Excise duty and Cess.
According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income tax, Sales Tax, Customs duty and other material statutory dues were in arrears as at 31 March 2005 for a period of more than six months from the date they became payable.
According to the information and explanations given to us, there are no dues of Income tax, Sales tax and Customs duty which have not been deposited with the appropriate authorities on account of any dispute.
10. The Company has been registered for not more than five years. Thus, paragraph 4(x) of the Order is not applicable.
11. The Company did not have any outstanding dues to any financial institution, banks or debenture-holders during the year.
12. The Company has not granted any loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
13. In our opinion and according to the information and explanations given to us, the Company is not a chit fund or a nidhi/ mutual benefit fund/ society.
14. According to the information and explanations given to us, the Company is not dealing or trading in shares, securities, debentures and other investments.
15. According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from banks or financial institutions.
16. The Company did not have any term loans outstanding during the year.
17. The Company has not raised any funds on short-term basis.
18. The Company has not made any preferential allotment of shares to companies/firms/parties covered in the register maintained under Section 301 of the Companies Act, 1956.

19. The Company did not have any outstanding debentures during the year.
20. The Company has not raised any money by public issues.
21. According to the information and explanations given to us, no fraud on or by the Company has been noticed or reported during the course of the audit.

16 SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

Company overview

Progeon Limited ("Progeon" or the "company") was incorporated on April 3, 2002 to provide business process management services to organizations that outsource their business processes. Progeon is a majority owned and controlled subsidiary of Infosys Technologies Limited ("Infosys", NASD NM: INFY). Leveraging the benefits of service delivery globalization, process redesign and technology, Progeon drives efficiency and cost effectiveness into client's business processes. The company helps clients improve their competitive positioning by managing their business processes in addition to providing increased value. Progeon s.r.o. was incorporated on February 4, 2004 in the Czech Republic as a wholly owned subsidiary to provide business process management and transitioning services.

16.1 Significant accounting policies

16.1.1 Basis of preparation of financial statements

The financial statements are prepared under the historical cost convention, in accordance with Indian Generally Accepted Accounting Principles ("GAAP") on the accrual basis. GAAP comprises accounting standards issued by the Institute of Chartered Accountants of India ("ICAI") and the relevant provisions of the Companies Act, 1956 to the extent applicable. All amounts are stated in Indian Rupees, except as otherwise specified.

16.1.2 Use of estimates

The preparation of the financial statements in conformity with GAAP requires that the management of the company make estimates and assumptions that affect the reported amounts of income and expenses of the period, reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as of the date of the financial statements. Examples of such estimates include expected development costs to complete business process management service contracts, provisions for doubtful debts, provision for income taxes and the useful lives of fixed assets. Actual results could differ from those estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

16.1.3 Revenue recognition

The company derives its revenues primarily from business process management services, on both the time-and-material and fixed-price, fixed-time frame bases. Revenue on time-and-material contracts is recognized as the related services are rendered. Revenue from fixed-price, fixed-time frame contracts is recognized as per the proportionate-completion method. Revenues from unit-priced contracts are recognized as transactions are processed based on objective measures of output. When the company receives advances for its services, such amounts are reported as client deposits until all conditions for revenue recognition are met.

16.1.4 Expenditure

The cost of software user licenses purchased for rendering business process management services is charged to revenue when put to use. Charges relating to non-cancelable long-term operating leases are computed on a straight line basis over the period of the lease.

16.1.5 Fixed assets and capital work-in-progress

Fixed assets are stated at cost, after reducing accumulated depreciation until the date of the balance sheet. Direct costs are capitalized until the assets are ready for use and include financing costs relating to any borrowing attributable to acquisition or construction of those fixed assets which necessarily take a substantial period of time to get ready for their intended use. Capital work-in-progress includes the cost of fixed assets that are not yet ready for their intended use and advances paid to acquire fixed assets before the balance sheet date.

16.1.6 Depreciation

Depreciation on fixed assets is determined using the straight-line method based on useful lives of assets as estimated by the company. Depreciation for assets purchased/sold during the period is proportionately charged. Individual assets acquired for less than Rs. 5,000 are entirely depreciated in the year of acquisition. Leasehold improvements are written off over the lower of the remaining period of lease or the life of the asset. Management estimates the useful lives for the various fixed assets as follows:

Computer equipment	Two years
Plant and machinery	Five years
Furniture and fixtures	Five years

16.1.7 Retirement benefits to employees

16.1.7a Gratuity

In accordance with the Payment of Gratuity Act, 1972, Progeon provides for gratuity, a defined benefit retirement plan (the "Gratuity Plan") covering all employees. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, carried out at the period end by an independent actuary based upon which company contributes to the Progeon employees Gratuity Fund Trust (the 'Trust'). The trustee administers contributions made to the Trust and invests the corpus with LIC of India.

16.1.7b Superannuation

Certain employees of Progeon are also eligible for superannuation benefits. The company makes monthly provisions for superannuation benefits based on a specified percentage of each covered employee's salary. The company has no further obligations to the superannuation plan beyond its monthly provisions which are periodically contributed to a trust fund, the corpus of which is invested with the LIC of India.

16.1.7c Provident fund

Eligible employees receive benefits from a provident fund, which is a defined contribution plan. Both the employee and the company make monthly contributions to this provident fund plan equal to a specified percentage of the covered employee's salary. Amounts collected under the provident fund plan are deposited in a Government administered provident fund. The company has no further obligations under the provident fund plan beyond its monthly contributions.

16.1.7d Leave encashment

Leave encashment liability is provided on the basis of an actuarial valuation carried out at the year end.

16.1.8 Foreign currency transactions

Revenue from overseas clients and collections deposited in bank accounts are recorded at the exchange rate as of the date of the respective transactions. Expenditure in foreign currency is accounted at the exchange rate prevalent when such expenditure is incurred. Disbursements made out of bank accounts are reported at a rate that approximates the actual monthly rate. Exchange differences are recorded when the amount actually received on sales or actually paid when expenditure is incurred is converted into Indian rupees. The exchange differences arising on foreign currency transactions are recognized as income or expense in the period in which they arise. Monetary assets and monetary liabilities denominated in foreign currency are translated at the exchange rate prevalent at the date of the balance sheet. The resulting difference is also recorded in the profit and loss account.

16.1.9 Forward contracts in foreign currencies

The company uses forward exchange contracts to hedge its exposure to movements in foreign exchange rates. The use of these forward exchange contracts reduces the risk or cost to the company and the company does not use the forward exchange contracts for trading or speculation purposes.

The company records the gain or loss on effective hedges in the foreign currency fluctuation reserve until the transactions are complete. On completion, the gain or loss is transferred to the profit and loss account of that period. To designate a forward contract as an effective hedge, Management objectively evaluates and evidences with appropriate supporting documents at the inception of each contract whether the contract is effective in achieving offsetting cash flows attributable to the hedged risk. In the absence of a designation as effective hedge, a gain or loss is recognized in the profit and loss account.

16.1.10 Income tax

Income taxes are computed using the tax effect accounting method, where taxes are accrued in the same period the related revenue and expenses arise. A provision is made for income tax annually based on the tax liability computed, after considering tax allowances and exemptions. Provisions are recorded when it is estimated that a liability due to disallowances or other matters is probable.

The differences that result between the profit considered for income taxes and the profit as per the financial statements are identified, and thereafter a deferred tax asset or deferred tax liability is recorded for timing differences, namely the differences that originate in one accounting period and reverse in another, based on the tax effect of the aggregate amount being considered. The tax effect is calculated on the accumulated timing differences at the end of an accounting period based on prevailing enacted or substantially enacted regulations. Deferred tax assets are recognized only if there is reasonable certainty that they will be realized and are reviewed for the appropriateness of their respective carrying values at each balance sheet date."

16.1.11 Provisions and contingent liabilities

The company recognizes a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or

disclosure is made. Provisions are made for all known losses and liabilities and future unforeseeable factors that may affect the profit on fixed-price business process management contracts.

16.1.12 Impairment of assets

Management periodically assesses using external and internal sources whether there is an indication that an asset may be impaired. An impairment occurs where the carrying value exceeds the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. The impairment loss to be expensed is determined as the excess of the carrying amount over the higher of the asset's net sales price or present value as determined above.

16.1.13 Earnings per share

In determining earnings/ (loss) per share, the company considers the net profit/ (loss) after tax. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period. Diluted earnings per share are computed using the weighted average number of basic and dilutive common equivalent shares outstanding during the period, except where the result would be anti-dilutive. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date.

16.1.14 Preliminary expenses

Share issue expenses are written off against the share premium account.

16.1.15 Investments

Trade Investments are the investments made to enhance the company's business interests. Investments are either classified as current or long-term based on the management's intention at the time of purchase. Current investments are carried at the lower of cost and fair value. Cost for overseas investments comprises the Indian Rupee value of the consideration paid for the investment. Long-term investments are carried at cost and provisions recorded to recognize any decline, other than temporary, in the carrying value of each investment. Any dividends are recorded as income in the profit and loss account when the right to receive dividend is established.

16.1.16 Cash Flow Statement

Cash flows are reported using the Indirect method, thereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, financing and Investing activities of the company as segregated. Cash flows in Foreign currency are accounted at average monthly exchange rates that approximate the actual rates of exchange prevailing at the dates of the transaction.

16.1.17 Change in accounting policy

The accounting standard on "The effect of changes in foreign exchange rates" was revised with effect from April 1, 2004 and prescribes accounting for forward exchange contracts based on whether these are entered into for hedging purposes or for trading /speculation purposes. Further, it has been recently clarified that the revised standard does not cover forward exchange contracts entered in to hedge the foreign currency risk of a firm commitment or a highly probable forecast transaction. Up to March 31, 2004, such segregation was not required and the difference between the forward rate and the exchange rate on the date of the transaction was recognized as income or expense over the life of the contract.

The Company has adopted the revised accounting standard effective April 1, 2004 to the extent applicable in respect of outstanding forward exchange contracts. The forward exchange contracts constitute hedges from an economic perspective, and the Company has decided to account for these forward exchange contracts based on their designation as 'effective hedges' or 'not effective'. To designate a forward contract as an effective hedge, management objectively evaluates and evidences with appropriate supporting documentation at the inception of each forward contract, whether these forward contracts are effective in achieving offsetting cash flows attributable to the hedged risk or not. The gain or loss on effective hedges is recorded in the foreign currency fluctuation reserve until the hedged transactions occur and are then recognized in the profit and loss account. In the absence of an effective hedge, the gain or loss is recognized in the profit and loss account.

Gains and losses on forward exchange contracts are computed by multiplying the foreign currency amount of the forward exchange contract by the difference between the forward rate available at the reporting date for the remaining maturity of the contract and the contracted forward rate (or the forward rate last used to measure a gain or loss on that contract for an earlier period). The Company also assesses on an ongoing basis at the end of each reporting period whether designated hedges are effective and prospectively reclassifies the hedge as necessary.

Consequent to the change in the accounting policy, the profits for the year ended March 31, 2005 is low by Rs. 2,38,69,873.

16.2.8 Dues to small-scale industrial undertakings

As of March 31, 2005, the company had no outstanding dues to small-scale industrial undertakings.

16.2.9 Cumulative convertible preference shares

The company issued 87,50,000 0.0005% cumulative convertible preference shares of par value Rs. 100 each in two equal tranches to Citicorp International Finance Corporation ("Citicorp") on June 30, 2002 and March 31, 2004 in accordance with a shareholders agreement dated June 14, 2002, for an aggregate cash consideration of Rs. 93,80,00,000, including share premium of Rs. 6,30,00,000.

Unless earlier converted pursuant to this agreement in this behalf between the Company and Citicorp, all the convertible preference shares shall automatically be converted into equity shares, (i) one year prior to the Initial Public Offering ("IPO") Date or (ii) June 30, 2005 or (iii) at the holder's option, immediately upon the occurrence of any Liquidity Event; whichever is earlier. The term "Liquidity Event" includes any of a decision of the Board of Directors to make an IPO, merger, reconstruction, capital reorganization or other event which, in the sole opinion of the holder of the convertible preference shares, amounts to an alteration in the capital structure of the company. Each preference share is convertible into one equity share, par value Rs. 10 each.

In the event of any liquidation, dissolution or winding up of the company, either voluntary or involuntary, each holder of the preference shares will be paid the preference subscription price per preference share, as adjusted for stock dividends,

combinations, splits, recapitalization and the like, in preference to any distribution of any assets of the company to the holders of equity shares. Upon the completion of the distribution described above, the remaining assets and funds of the company available for distribution to shareholders shall be distributed among all holders of preference shares and equity shares based on the number of equity shares held by each of them (assuming a full conversion of all the preference shares). Indian law requires redemption of preference shares within a period of 10 years.

Unpaid cumulative dividend amounted to Rs. 8618 and nil as at March 31, 2005 and March 31, 2004 respectively.

16.2.10 Provision for taxation

The company benefits from certain significant tax incentives provided to firms rendering business process management services under Indian tax laws. These incentives presently include an exemption from payment of Indian corporate income taxes for a period of ten consecutive years of operation of software development facilities designated as "Software Technology Parks" (the "STP Tax Holiday"). The Government of India recently amended the tax incentives available to companies set up in designated STPs. The period of the STP Tax Holiday available to such companies is restricted to 10 consecutive years beginning from the financial year when the unit started rendering business process management services or March 31, 2009, whichever is earlier. The provision for taxation is made on the best estimate of management of the effective tax rate expected to be applicable for the full year.

Weighted average shares used in computing diluted earnings per share	3,55,41,610	1,22,83,470

16.2.18 Employees Stock Option Plan ("2002 Plan")

The company's 2002 Plan provides for the grant of stock options to employees of the company and was approved by the board of directors and stockholders in June 2002. All options under the 2002 Plan are exercisable for equity shares. The 2002 Plan is administered by a Compensation Committee comprising three members, all of whom are directors of the company. The 2002 Plan provides for the issue of 52,50,000 equity shares to employees, at an exercise price, which shall not be less than the Fair Market Value ("FMV") on the date of grant. Options may also be issued to employees at exercise prices that are less than FMV only if specifically approved by the members of the company in general meeting. The options issued under the 2002 Plan vest in periods ranging between one through six years, although accelerated vesting based on performance conditions is provided in certain instances. All options granted have been accounted for as a fixed plan.

Number of Options Granted, Exercised and Forfeited	Year Ended March 31, 2005	Year Ended March 31, 2004
Options granted, beginning of period	31,24,625	18,01,175

Options outstanding at the end of period	31,16,518	31,24,625

16.2.19 Segment reporting

The company's operations primarily relate to providing business process management services to organizations that outsource their business processes. Accordingly, revenues represented along industry classes comprise the primary basis of segmental information set out in these financial statements. Secondary segmental reporting is performed on the basis of the geographical location of customers.

The accounting principles consistently used in the preparation of the financial statements are also consistently applied to record income in individual segments. These are set out in the note on significant accounting policies.

Industry segments at the company primarily comprise customers providing services to financial services, telecom and other industries. Income in relation to segments is categorized based on items that are individually identified to those segments while expenditure is categorized in relation to the associated turnover of the segment. Certain expenses which form a significant component of total expenses are not specifically allocable to specific segments as the underlying services are used interchangeably. These expenses are separately disclosed as "unallocated" and adjusted only against the total income of the company. The company believes that it is not practical to provide segment disclosures relating to these costs and expenses, and accordingly these expenses are separately disclosed as unallocated and directly charged against total income. Fixed assets in the company's business or liabilities contracted have not been identified to any reportable segments, as the fixed assets and services are used interchangeably between segments.

Geographical segments are segregated based on the location of the customers who is invoiced, or in relation to which the revenue is otherwise recognized.

Consolidated financial statements of Progeon Limited and its subsidiary

Auditors' report to the board of directors on the consolidated financial statements of Progeon Limited and its subsidiary

We have audited the attached consolidated balance sheet of Progeon Limited (the Company) and its subsidiary (collectively called 'the Group') as at March 31, 2005, the consolidated profit and loss account and the consolidated cash flow statement for the year ended on that date, annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

We report that the consolidated financial statements have been prepared by the Company's management in accordance with the requirements of Accounting Standard (AS) 21, Consolidated Financial Statements, issued by the Institute of Chartered Accountants of India.

In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the consolidated balance sheet, of the state of affairs of the Group as at March 31, 2005;
- (b) in the case of the consolidated profit and loss account, of the profit of the Group for the year ended on that date; and
- (c) in the case of the consolidated cash flow statement, of the cash flows of the Group for the year ended on that date.

Schedules to the Financial Statements for the Year Ended March 31, 2005 (Consolidated)

16 SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

Company overview

Progeon Limited along with its wholly owned subsidiary, Progeon s.r.o collectively called as "Group" and individually as "Progeon Limited" and "Progeon s.r.o" respectively is a leading provider of business process management services to organizations that outsource their business processes. The Group leverages the benefits of service delivery globalization, process redesign and technology and thus drives efficiency and cost effectiveness into client's business processes and thereby improve their competitive position by managing their business processes in addition to providing increased value.

16.1 Significant accounting policies

16.1.1 Basis of preparation of financial statements

The accompanying financial statements are prepared under the historical cost convention, in accordance with Indian Generally Accepted Accounting Principles ("GAAP") on the accrual basis. GAAP comprises accounting standards issued by the Institute of Chartered Accountants of India ("ICAI") and the relevant provisions of the Companies Act, 1956 to the extent applicable. All amounts are stated in Indian Rupees, except as otherwise specified.

The financial statements are prepared in accordance with the principles and procedures required for the preparation and presentation of consolidated financial statements as laid down under the accounting standards on Consolidated Financial Statements issued by the ICAI. The financial statements of the parent company, Progeon and its subsidiary Progeon s.r.o have been combined on a line by line basis by adding together book values of like items of assets, liabilities, income and expenses after eliminating intra group balances and transactions and resulting unrealized gain/ loss. Exchange difference resulting from the difference due to transactions of foreign currency assets and liabilities in subsidiaries is disclosed as foreign currency translation reserve. The consolidated financial statements are prepared applying uniform accounting policies in use at the Group.

16.1.2 Use of Estimates

The preparation of the financial statements in conformity with GAAP requires that the management of the company make estimates and assumptions that affect the reported amounts of income and expenses of the period, reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as of the date of the Consolidated financial statements. Examples of such estimates include expected development costs to complete business process management service contracts, provisions for doubtful debts, provision for income taxes and the useful lives of fixed assets. Actual results could differ from those estimates. Any revision to accounting estimates is recognized prospectively in current and future years.

16.1.3 Revenue recognition

The Group derives its revenues primarily from business process management services, on both the time-and-material and fixed-price, fixed-time frame bases. Revenue on time-and-material contracts is recognized as the related services are rendered. Revenue from fixed-price, fixed-time frame contracts is recognized as per the proportionate-completion method. Revenues from unit-priced contracts are recognized as transactions are processed based on objective measures of output. When the company receives advances for its services, such amounts are reported as client deposits until all conditions for revenue recognition are met.

16.1.4 Expenditure

The cost of software user licenses purchased for rendering business process management services is charged to revenue when put to use. Charges relating to non-cancelable long-term operating leases are computed on a straight line basis over the period of the lease.

16.1.5 Fixed assets and capital work-in-progress

Fixed assets are stated at cost, after reducing accumulated depreciation until the date of the balance sheet. Direct costs are capitalized until the assets are ready for use and include financing costs relating to any borrowing attributable to acquisition or construction of those fixed assets which necessarily take a substantial period of time to get ready for their intended use. Capital work-in-progress includes the cost of fixed assets that are not yet ready for their intended use and advances paid to acquire fixed assets before the balance sheet date.

16.1.6 Depreciation

Depreciation on fixed assets is determined using the straight-line method based on useful lives of assets as estimated by the company. Depreciation for assets purchased/sold during the period is proportionately charged. Individual assets acquired for less than Rs. 5,000 are entirely depreciated in the year of acquisition. Leasehold improvements are written off over the lower of the remaining period of lease or the life of the asset. Management estimates the useful lives for the various fixed assets as follows:

Computer equipment	Two years
Plant and machinery	Five years
Furniture and fixtures	Five years

16.1.7 Retirement benefits to employees

16.1.7a Gratuity

In accordance with the Payment of Gratuity Act, 1972, Progeon provides for gratuity, a defined benefit retirement plan (the "Gratuity Plan") covering all employees. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, carried out at the period end by an independent actuary based upon which company contributes to the Progeon employees Gratuity Fund Trust (the 'Trust'). The trustee administers contributions made to the Trust and invests the corpus with LIC of India.

16.1.7b Superannuation

Certain employees of Progeon are also eligible for superannuation benefits. The company makes monthly provisions for superannuation benefits based on a specified percentage of each covered employee's salary. The company has no further obligations to the superannuation plan beyond its monthly provisions which are periodically contributed to a trust fund, the corpus of which is invested with the LIC of India.

16.1.7c Provident fund

Eligible employees receive benefits from a provident fund, which is a defined contribution plan. Both the employee and the company make monthly contributions to this provident fund plan equal to a specified percentage of the covered employee's salary. Amounts collected under the provident fund plan are deposited in a Government administered provident fund. The company has no further obligations under the provident fund plan beyond its monthly contributions.

16.1.7d Leave encashment

Leave encashment liability is provided on the basis of an actuarial valuation carried out at the year end.

16.1.8 Foreign currency transactions

Revenue from overseas clients and collections deposited in bank accounts are recorded at the exchange rate as of the date of the respective transactions. Expenditure in foreign currency is accounted at the exchange rate prevalent when such expenditure is incurred. Disbursements made out of bank accounts are reported at a rate that approximates the actual monthly rate. Exchange differences are recorded when the amount actually received on sales or actually paid when expenditure is incurred is converted into Indian rupees. The exchange differences arising on foreign currency transactions are recognized as income or expense in the period in which they arise. Monetary assets and monetary liabilities denominated in foreign currency are translated at the exchange rate prevalent at the date of the balance sheet. The resulting difference is also recorded in the profit and loss account.

16.1.9 Forward contracts in foreign currencies

The Group uses forward exchange contracts to hedge its exposure to movements in foreign exchange rates. The use of these forward exchange contracts reduces the risk or cost to the group and the group does not use the forward exchange contracts for trading or speculation purposes.

The Group records the gain or loss on effective hedges in the foreign currency fluctuation reserve until the transactions are complete. On completion, the gain or loss is transferred to the profit and loss account of that period. To designate a forward contract as an effective hedge, Management objectively evaluates and evidences with appropriate supporting documents at the inception of each contract whether the contract is effective in achieving offsetting cash flows attributable to the hedged risk. In the absence of an effective hedge, a gain or loss is recognized in the profit and loss account.

16.1.10 Income tax

Income taxes are computed using the tax effect accounting method, where taxes are accrued in the same period the related revenue and expenses arise. A provision is made for income tax annually, based on the tax liability computed, after considering tax allowances and exemptions. Provisions are recorded when it is estimated that a liability due to disallowances or other matters is probable.

The differences that result between the profit considered for income taxes and the profit as per the financial statements are identified, and thereafter a deferred tax asset or deferred tax liability is recorded for timing differences, namely the differences that originate in one accounting period and reverse in another, based on the tax effect of the aggregate amount being considered. The tax effect is calculated on the accumulated timing differences at the end of an accounting period based on prevailing enacted or substantially enacted regulations. Deferred tax assets are recognized only if there is reasonable certainty that they will be realized and are reviewed for the appropriateness of their respective carrying values at each balance sheet date.

16.1.12 Provisions and contingent liabilities

The company recognizes a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made. Provisions are made for all known losses and liabilities and future unforeseeable factors that may affect the profit on fixed-price business process management contracts.

16.1.13 Impairment of assets

Management periodically assesses using external and internal sources whether there is an indication that an asset may be impaired. An impairment occurs where the carrying value exceeds the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. The impairment loss to be expensed is determined as the excess of the carrying amount over the higher of the asset's net sales price or present value as determined above.

16.1.14 Earnings per share

In determining earnings/ (loss) per share, the company considers the net profit/ (loss) after tax. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period. Diluted earnings per share are computed using the weighted average number of basic and dilutive common equivalent shares outstanding during the period, except where the result would be anti-dilutive. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless they have been issued at a later date.

16.1.15 Preliminary expenses

Share issue expenses are written off against the share premium account.

16.1.16 Investments

Trade Investments are the investments made to enhance the company's business interests. Investments are either classified as current or long-term based on the management's intention at the time of purchase. Current investments are carried at the lower of cost and fair value. Long-term investments are carried at cost and provisions recorded to recognize any decline, other than temporary, in the carrying value of each investment. Any dividends are recorded as income in the profit and loss account when the right to receive dividend is established.

16.1.17 Cash Flow Statement

Cash flows are reported using the Indirect method, thereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, financing and Investing activities of the company as segregated. Cash flows in Foreign currency are accounted at average monthly exchange rates that approximate the actual rates of exchange prevailing at the dates of the transaction.

16.1.18 Change in accounting policy

The accounting standard on "The effect of changes in foreign exchange rates" was revised with effect from April 1, 2004 and prescribes accounting for forward exchange contracts based on whether these are entered into for hedging purposes or for trading /speculation purposes. Further, it has been recently clarified that the revised standard does not cover forward exchange contracts entered in to hedge the foreign currency risk of a firm commitment or a highly probable forecast transaction. Up to March 31, 2004, such segregation was not required and the difference between the forward rate and the exchange rate on the date of the transaction was recognized as income or expense over the life of the contract.

The Group has adopted the revised accounting standard effective April 1, 2004 to the extent applicable in respect of outstanding forward exchange contracts. The forward exchange contracts constitute hedges from an economic perspective, and the Group has decided to account for these forward exchange contracts based on their designation as 'effective hedges' or 'not effective'. To designate a forward contract as an effective hedge, management objectively evaluates and evidences with appropriate supporting documentation at the inception of each forward contract, whether these forward contracts are effective in achieving offsetting cash flows attributable to the hedged risk or not. The gain or loss on effective hedges is recorded in the foreign currency fluctuation reserve until the hedged transactions occur and are then recognized in the profit and loss account. In the absence of an effective hedge, the gain or loss is recognized in the profit and loss account.

Gains and losses on forward exchange contracts are computed by multiplying the foreign currency amount of the forward exchange contract by the difference between the forward rate available at the reporting date for the remaining maturity of the contract and the contracted forward rate (or the forward rate last used to measure a gain or loss on that contract for an earlier period). The Group also assesses on an ongoing basis at the end of each reporting period whether designated hedges are effective and prospectively reclassifies the hedge as necessary.

Consequent to the change in the accounting policy, the profits for the year ended March 31, 2005 is low by Rs. 2,38,69,873.

16.2.4 Dues to small-scale industrial undertakings

As of March 31, 2005 the group had no outstanding dues to small-scale industrial undertakings.

16.2.5 Cumulative convertible preference shares

Progeon Limited issued 87,50,000 0.0005% cumulative convertible preference shares of par value Rs. 100 each in two equal tranches to Citicorp International Finance Corporation ("Citicorp") on June 30, 2002 and March 31, 2004 in accordance with a shareholders agreement dated June 14, 2002, for an aggregate cash consideration of Rs. 93,80,00,000, including share premium of Rs. 6,30,00,000.

Unless earlier converted pursuant to this agreement in this behalf between the Company and Citicorp, all the convertible preference shares shall automatically be converted into equity shares, (i) one year prior to the Initial Public Offering ("IPO") Date or (ii) June 30, 2005 or (iii) at the holder's option, immediately upon the occurrence of any Liquidity Event; whichever is earlier. The term "Liquidity Event" includes any of a decision of the Board of Directors to make an IPO, merger, reconstruction, capital reorganization or other event which, in the sole opinion of the holder of the convertible preference shares, amounts to an alteration in the capital structure of the company. Each preference share is convertible into one equity share, par value Rs. 10 each.

In the event of any liquidation, dissolution or winding up of the company, either voluntary or involuntary, each holder of the preference shares will be paid the preference subscription price per preference share, as adjusted for stock dividends, combinations, splits, recapitalization and the like, in preference to any distribution of any assets of the company to the holders of equity shares. Upon the completion of the distribution described above, the remaining assets and funds of the company available for distribution to shareholders shall be distributed among all holders of preference shares and equity shares based on the number of equity shares held by each of them (assuming a full conversion of all the preference shares). Indian law requires redemption of preference shares within a period of 10 years.

Unpaid cumulative dividend amounted to Rs. 8,618 as at March 31, 2005

16.2.6 Provision for taxation

Progeon Limited benefits from certain significant tax incentives provided to firms rendering business process management services under Indian tax laws. These incentives presently include an exemption from payment of Indian corporate income taxes for a period of ten consecutive years of operation of software development facilities designated as "Software Technology Parks" (the "STP Tax Holiday"). The Government of India recently amended the tax incentives available to companies set up in designated STPs. The period of the STP Tax Holiday available to such companies is restricted to 10 consecutive years beginning from the financial year when the unit started rendering business process management services or March 31, 2009, whichever is earlier. The provision for taxation is made on the best estimate of management of the effective tax rate expected to be applicable for the full year.

16.2.14 Segment reporting

The Group operations primarily relate to providing business process management services to organizations that outsource their business processes. Accordingly, revenues represented along industry classes comprise the primary basis of segmental information set out in these financial statements. Secondary segmental reporting is performed on the basis of the geographical location of customers.

The accounting principles consistently used in the preparation of the financial statements are also consistently applied to record income in individual segments. These are set out in the note on significant accounting policies.

Industry segments at the Group primarily comprise customers providing services to financial services, telecom and other industries. Income in relation to segments is categorized based on items that are individually identified to those segments while expenditure is categorized in relation to the associated turnover of the segment. Certain expenses which form a significant component of total expenses are not specifically allocable to specific segments as the underlying services are used interchangeably. These expenses are separately disclosed as "unallocated" and adjusted only against the total income of the company. The company believes that it is not practical to provide segment disclosures relating to these costs and expenses, and accordingly these expenses are separately disclosed as unallocated and directly charged against total income. Fixed assets in the company's business or liabilities contracted have not been identified to any reportable segments, as the fixed assets and services are used interchangeably between segments.

Geographical segments are segregated based on the location of the customers who is invoiced, or in relation to which the revenue is otherwise recognized.
