Infosys BPM Digital Pentagon

We offer end-to-end transformative Digital BPM services. We have journeyed through the table-stakes of effectiveness and efficiency and are now increasingly focused towards enhancing stakeholder experience and empathy, to catalyze and co-create enhanced business value.

We drive the digital journey for our clients using 5 key facets:

- Deliver actionable **Insights** through advanced analytics, big data, reporting and visualization services, and AI led services such as MDM and point solutions
- **Innovate** to enhance effectiveness through our vertical platforms, IoT, and digital product engineering such as BPaaS solutions and point solutions
- **Accelerate** the digital experience through RPA, cloud migration, legacy modernization, and digital system integration
- **Assure** compliance through services such as cyber security monitoring, business risk and GDPR monitoring
- Redefine end-user **Experience** through digital CX, tech-enablement, point solutions, and digital studio services

Simplifying complex processes

- Trade funds management in consumer packaged goods (CPG)
- Claims adjudication in healthcare
- SOX testing and compliance in financial services
- Engineering support in the heavy engineering and construction business

Enhancing value with tangible outcomes

- Over **\$100 million** delivered as value to a major consumer products manufacturer
- Over **\$38 million** savings for a leading consumer electronics manufacturer through transformation projects
- Reduced approximately **35%** total cost of ownership for a large US retailer
- Increased free cash flow of **\$21.5 million** for a Fortune 100 insurer

Creating impact across

Services Lines - Finance & Accounting, Sourcing & Procurement, Sales & Fulfilment, Customer Service, Human Resource Outsourcing, Legal Process Management, Digital Interactive Services, Robotics Process Automation, Business Transformation Services, & BPM Analytics

Industries - Manufacturing, Retail, CPG & Logistics, Financial Services, Healthcare, Insurance, Life Sciences, Services, OEMs, Utilities & Energy, Resources, Communications, Media & Entertainment

Catalyzing transformation

Our **Process Progression Model™ (PPM)** is a holistic model to transform business processes of our clients. PPM is woven into our operations and helps clients seamlessly traverse the stages of operate, optimize, and transform across business cycles. This enables them to fast-track their readiness for today's realities and tomorrow's opportunities.

Our PPM journey traverses the path from 'noiseless processes' through 'process excellence' to delivering 'business outcomes'.

Todd Crandall

Director of Shared Service - Finance, Apergy USA Inc.

"What I like about the partnership between Apergy and Infosys is that, people focus on the issues, and what I don't here is 'us vs them' in the counter sections... they are not just focused on the issues, but the expediency to which issues are being addressed..."

Terry Salipas

CFO, Visy Industries

"Infosys had the right attitude, a shared sense of urgency and domain expertise. Infosys experts ensured standardization, plus 50 percent in terms of cost savings. That's an experience Visy can vouch for..."

Gilles Leyrat

SVP, Customer and Partner Experience, Cisco Systems

"Infosys is really there to support our customer and partner operations across pretty much all of our processes that we have to offer... that gives us a very solid backbone that we can build our business on..."
