

FILING A WINNING APPEAL

Optimised appeal management process
and reduced administrative costs.

A Fortune 500, US-based managed
healthcare company leveraged offshoring
and automation to streamline their appeal
review process and reduce operating costs.

CHALLENGES

The client wanted a partner to help them:

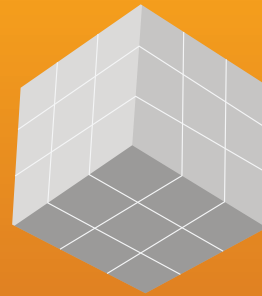

- Find a sustainable solution for coping with an expected surge in appeals volumes

- Address the rising need for training and administrative efforts

- Administer the training and ramp-up program spanning 4-5 months

- Enable new trainees to consistently meet tough SLAs including 2-day TAT and >98% accuracy

SOLUTIONS

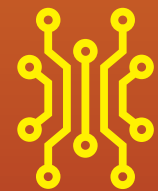

Infosys BPM provided the client with a long-term solution through:

OFFSHORE SERVICE DELIVERY

- ▶ Set up a team of offshore resources to reduce operating costs
- ▶ Leveraged available talent by certifying them in client's processes
- ▶ Enabled existing resources to train each other internally, for reduced administrative and training efforts

TECHNOLOGY UPGRADE

- ▶ Harnessed smart user environment tool and single sign-in to reduce manual logins across multiple applications
- ▶ Single click automations for data search and provisioning
- ▶ RPA implementation for letter generation and creation
- ▶ Macro automation of MCO and UM preps

EFFECTIVE DASHBOARDS

- ▶ Implemented a single claim dashboard to avoid screen toggling to provision requisite claims, as well as member and provider data
- ▶ Listed all the cases in a separate assignment dashboard in users' current queue and enabled easy opening of the same in CATS dashboard.

BENEFITS

Infosys BPM's solution is expected to help the client:

- ▶ Optimize its appeal management process by 15-20%, in terms of efforts
- ▶ Reduce administrative costs by 15% further via technology implementation
